## Special Reports

The Leader in  
**Medicare Cost Report Software**

## Special Reports

- Special Reports are computations used by contractors for rate settings.
- We have updated all of our Special Reports to the 2552-10 references.
- We have not seen any Manual changes (CRs) by CMS to the CCR rate computations.
- We did send all of our Special Reports to CMS to assist them and also confirm our assumptions. They did reply with a few changes which we incorporated and are included in the system.

21

## Special Reports

- You can select to print the Special Reports thru the normal print process – File – Print and then scroll to the bottom and they are listed with SR### for Special Report.
  - ▶ You also can print this in a batch mode by going to File – Batch – Print and select the SR worksheets.
  - ▶ The following are descriptions of the reports and also the FISS references for the contractors.
