Software Update Notification

We recently released a software update for the Interface, Hospital, SNF, ESRD, FQHC, OPO, CHDR, HHA, RHC, and Hospice systems. The reasons for this update are listed below.

With this update we continue to incorporate the Worksheet S, Part I, check box to the certification and settlement summary statement for electronic signature submission to the provider systems. This provision is available as an option for cost reporting periods ending on or after 12/31/2017 in accordance with 42 CFR 413.24(f)(4) (iv). With this update the electronic signature of the certification and settlement summary has been incorporated into the following systems:

- Hospital 2552-10
- Skilled Nursing Facility 2540-10
- Organ Procurement Organization 216-94

We are currently updating software for CMS published transmittals incorporating the HHA, FQHC and ESRD electronic certification and are awaiting CMS publication of transmittals for the remaining form sets.

For more information on the electronic signature of the certification and settlement summary procedures [here](#).
