Health Financial Systems

August 30, 2012

Dear Clients:

We recently updated the software for the Interface, Hospital and SNF systems. The primary reason for this update is to implement CMS changes, repair software issues, and implement additional features.

Interface, MCRIF32, version 1.31.0.6:

Printouts - Improved the speed of printouts. (D#001-00-005472)

Hospital, 2552-10, version 2.35.131.0:

Auditor - Corrected the freezing of printing the Auditor Adjustment Report when the combination of the cover page and the page numbers included options were used. (D#001-00-005493)

Calculate - Modified logic related to analysis of AG cost center lines. (D#001-00-005456)

Calculate - Corrected the calculation of Worksheet C, Part II line 200 column 7 and now is being displayed. (D#001-00-005484)

Calculate - Corrected calculations between Worksheet E-1, Part I and E, Part B. We were automatically opening E, Part B for the SNF component when there were no Part B interim payments. (D#001-00-005491)

Edits - Modified some Contractor only serious edits to also issue for the provider to help the provider with Worksheet E, Part A. (D#001-00-005483)

Edits - Corrected HFS edit 802 for negative values in column 7 of Worksheet A. Only line 200 cannot be negative. (D#001-00-005518)

SNF, 2540-10, version 3.17.131.0:

Auditor - Corrected the freezing of printing the Auditor Adjustment Report when the combination of the cover page and the page numbers included options were used. (D#001-00-005494)

Calculate - Added improved checking of the cost center codes for A&G cost centers. (D#001-00-005457)

Calculate - Corrected saving of data for Worksheet D-1 line 12. We were not saving with the correct precision which caused an invalid record to be written to the electronic file. (D#001-00-005521)
