**HFS/Toyon
HCRIS Website Update Notification**

The HFS/Toyon HCRIS website has been updated with the 2nd Quarter data released by CMS on 6/30/2014. 3,974 2552-10 reports and 1,029 2552-96 reports were added. The site has processed this data and it can be viewed in the Snap Shot reports, extracted through the Advanced Search and Extract and the .mcrx and .pdf reports (for 2552-10 reports only) have been made available.

Advanced Search and Extract - S-2, line 17 col 1 was not being extracted. Now the FYB will be extracted. (D001-00-009156)

Advanced Search and Extract - Timing out issues have been modified and should no longer occur. (D001-00-009193)

Advanced Search and Extract - Custom data extractor now runs faster. Now the Save button must be clicked to save. Saving as the user goes was slowing down the feature. (D001-00-009295)

Advanced Search and Extract - Stopped the page from jumping around and losing the screen position when post back occurs. (D001-00-009296)

Advanced Search and Extract - Step 3 now has the option to export the selection as a pdf or mcrx file for 2552-10 reports. (D001-00-009298)

Advanced Search and Extract - In Step 3's custom data extractor, we added a right hand column with the predefined requests. (D001-00-009335)

Advance Search and Extract - In Step 1 when most recent is selected for the report status the most recent report will now populate in step 2. (D001-00-009462)

Advanced Search and Extract - When Report Status is left blank in the Step 1's filters the results in Step 2 will show all report statuses. (D001-00-009463)

Advanced Search and Extract - Spacing was corrected in the custom extract to work with the latest version of Chrome. (D001-00-009497)

Advanced Search and Extract - Removed the Worksheet/Line/Column checking from the data extractor and removed the message column. (D001-00-009515)

Advanced Search and Extract - The left side pane submit button was getting stuck. Now works properly. (D001-00-009519)

Available Facility Report - Some 2552-96 reports were being incorrectly displayed as Low/No Utilization reports. This was fixed. (D001-00-009371)

CAH Dashboard - Repaired printing problem with CAH report. (D001-00-009347)

General - HCRIS has been tested on the most recent IE and Chrome versions extensively and works properly. (D001-00-009294)

General - Corrected the spelling of 'user name' when log in is incorrectly used. (D001-00-009532)

My Provider List - Can create multiple My Provider lists and will be able to use these lists in Step 1 of Advanced Search and Extract when specifying which providers to find. (D001-00-009297)

Span Shot Reports - Font size is now uniform across all reports. (D001-00-009345)

Snap Shot Reports - Some of the Snap Shot reports were not exporting to Excel. This was fixed. (D001-00-009380)
