Dear Clients:

We recently updated the software for the Interface, Hospital, SNF, HHA, CORF/CMHC, HO, Hospice, RHC, ESRD, CHDR, LTCIR and OPO systems.

Interface, MCRIF32, version 1.52.0.0

Edits - Added new verbiage for warning edits when a positive adjustment is found on W/S A-8 (or equivalent worksheet). We added "Verify the amount should be negative." (D001-00-008901)

PS&R - Modified the PS&R CSV import to recognize the new column data that has been added by CMS for DSH Uncompensated Care. (D001-00-008984)

Hospital, 2552-10, version 4.8.152.0

Calculations - Corrected the calculation of W/S I-5 column 2 when the facility composite rate is 1.0. In this case, column 2 should equal column 1. Also fixed an issue with I-5 line 5.04 col 2 where we were not calculating this properly when line 14 was not equal to 1.000. (D001-00-008974)

Calculations - Modified the transfer of Worksheet A Salaries with cost center codes of 01890-01899 to Worksheet S-3, Part II. This affects New York providers only. (D001-00-009018)

Calculations - Corrected the calculation W/S E-1, Part II line 32. (D001-00-009019)

Calculations - Modified the TOPPS calculation to properly handle the TOPPS expiration date when the provider is an SCH. (D001-00-009048)

ECR Import - Modified how overflow days are handled during ECR Import for older files. Files with a vendor approval code of 'A' or 'B' that have overflow days on W/S D-1 that match the days on W/S S-3 will have these days zeroed as they were probably written to the ECR file incorrectly during the 'A' and 'B' time period. (D001-00-009016)

Edits - Corrected issuing erroneous Serious edits for missing W/S D series for titles V & XIX when these titles are not applicable for the report. (D001-00-007987)

Edits - Updated Serious edit 710 for CMS 2014 rural/urban rates for RHC and FQHC. (D001-00-009014)

ESRD, 265-11, version 2.10.152.0

Management Reports - Modified the W/S A-4 comparison report to compare lines 1 through 10, column 6. (D001-00-008948)
