February 9, 2016

Dear Clients:

We recently released a software update for the Hospital system. The primary reason for this patch is to repair a software issue.

Hospital, 2552-96, version 25.83.158.2

Auditor - Corrected issue with the application of adjustments to the 2552-96 cost report that previously resulted in an Access Violation error. (D001-00-012078)

SNF, 2540-96, version 18.69.158.1

Auditor - Corrected issue with the application of adjustments to the 2540-96 cost report that previously resulted in an Access Violation error. (D001-00-012078)
