Health Financial Systems

January 15, 2014

Dear Clients:

We recently updated the software for the Interface, Hospital, SNF, ESRD, HHA, HO, RHC, Hospice, CORF/CMHC, OPO, CHDR and LTCIR systems.

HFS Has A New Server

ONLY if you have problems downloading from our new server please download the 'hfs.hosts' file to your MCRIF32 folder. Make sure you overwrite the existing file in the MCRIF32 folder. This file is located on our website on the Hotfixes option in the Support drop down menu. There is also a link to this page above in our Quick Links box.

Interface, MCRIF32, version 1.51.0.0

Auditor - Fixed the presentation of the options on the Auditor Impact Report Options screen. We had overlapping descriptions that caused the "Print All Reports to a Single PDF File" to not be legible. (D001-00-008868)
