Health Financial Systems

November 18, 2013

Dear Clients:

The software was recently updated for the Hospital and RHC/FQHC systems. The primary reason for this update is to implement CMS changes, repair software issues, and implement additional features.

Hospital, 2552-10, version 4.2.149.0

Calculate - Corrected the calculation of W/S I-5 line 11 for cost reporting periods that begin before 10/01/2012. (D001-00-008871)

Calculate - Corrected GPF that occurred on some files when calculating W/S B-2 where the file did not have a W/S S-5. (D001-00-008873)

Edits - Added an HFS Level I edit to trigger when observation bed days are input on W/S S-3, Pt I line 28, column 8, but W/S A line 92 is not present. (D001-00-008819)

Edits - Modified edit #806 for W/S G-2 to compare D-1 line 2 to the sum of D-1 lines 4 and 87 when D-1 line 28 is zero. We will not issue the edit if D-1 line 2 equals the sum of D-1 lines 4 and 87. (D001-00-008872)

Edits - Added S-3 Pt I line 13 column 7 to edit 12008S (D001-00-008874)

Forms - Corrected the View | Adjusted Report menu item being properly disabled when the adjusted report is not available. (D001-00-008787)

RHC, 222-92, version 11.8.149.0

The system was updated to maintain compatibility with the Interface.
