Dear Clients:

The software was recently updated for the Interface, Hospital, SNF, ESRD, HHA, RHC, CHDR, LTCIR and HO systems. The primary reason for this update is to implement CMS changes, repair software issues, and implement additional features.

Interface, MCRIF32, version 1.48.0.0

Auditor - Corrected the way Auditor detects bad adjustment input. We were inadvertently considering an adjustment as bad and removing it. (D001-00-008475)

ECR Export - Added a button to the ECR Export screen when a version error is encountered (error #61). User can press the "Fix Version" button, which will launch the Check for Updates to get the latest software from the HFS website. Note: Users utilizing the NetSync feature should contact their system administrator if they encounter a version error. (D001-00-008279)

PS&R - Modified our PS&R import to handle the latest PS&R data (CSV) format from CMS. (D001-00-008605)

Hospital, 2552-10, version 3.24.148.0

Auditor - Corrected an issue where if the "\$" character was being used in the Notes section for an adjustment, extra symbols (Ã and Â) were being incorrectly included. (D001-00-006615) (D001-00-006615)

Auditor - Added the ability to enter the 'P' statistic code for Patient Days. (D001-00-008515)

Calculation - Added SSI rates for FY 2011. (D001-00-008528)

ECR Import - Added enhanced detection of bad data in the ECR file to prevent the system from terminating the import prematurely. (D001-00-008595)

Edits - Added a Serious edit if W/S S part I, line 4 = L for Low Medicare Utilization. Edit reads as follows: "This report is a Low Medicare Utilization, as indicated on W/S S part I, line 4, and per CMS directive, ALL Level I and Level II edits are suppressed." (D001-00-008275)

Edits - Corrected Serious edit 723 that was issuing erroneously for line 33, column 1.01 (DSH), on E Part A for an SCH. (D001-00-008566)

Forms - Modified W/S E, Part B line 39.98 to no longer be a standard worksheet line for "AB Rebilling Demo". If this line is present without subscripts up to 39.97, we will issue a warning edit that the line might have been used improperly on the report and should be deleted. (D001-00-007865)

Forms - Corrected the 800 Report to show the report values based on the 800 Report settings in Preferences. We were using the 700 Report preferences in error. (D001-00-008366)

Printing - Corrected printing of line labels on report that contain six columns. (D001-00-008485)

PS&R - Corrected an automatic assignment for report 71S with revenue code 52?U to assign to W/S M-3 line 10 columns 1 and 2 with an additional assignment to W/S S-3, Part I line 26 column 6, we were showing an assignment to M-3 line 26 col 6. (D001-00-008296)
