In addition, it has come to our attention that some MACs are requiring HFS users to submit Wage Index changes using the Auditor and are to submit the auditor file along with supporting documentation. This training will train you how to create this for your submission.

If you cannot attend, please note we will be recording this webinar, so feel free to contact me for the recording link, after the webinar has finished.

Thank you and we look forward to seeing you at this session.

Sincerely,
Steve Booth
