

September 3, 2015

Dear Clients,

We recently released a software update. The primary reason for this update is to implement CMS changes, repair software issues, and implement additional features.

Interface, MCRIF32, version 1.57.0.12

Toolbar - Corrected the availability of toolbar items for the cost report systems. (D001-00-010201)

ECR Export - Improved the file lock detection when exporting to the electronic cost report file to detect when an existing lock may be invalid due to a previous failed export. (D001-00-010686)

MAC Feature Update - Contact Customer Support for more information. (D001-00-010799)

Hospital, 2552-10, version 7.6.157.0

Auditor - Corrected the availability of Worksheet I-5, lines 5.02 and 5.03 when Worksheet S-5, line 10.02 is adjusted from Y to N. (D001-00-009974)

Auditor - Corrected subsequent applies of the Move/Change/Combine adjustments in Auditor. (D001-00-010197)

Special Reports - Modified SR921 and SR922 to recognize short period reports by pulling data directly from Worksheet E-1, Part II when other applicable worksheets are not open. (D001-00-010646)

Calculations - Added a Level II edit for Worksheet E, Part A, lines 35 and 35.02 when Worksheet S-2, lines 22 & 22.01 are Y to compare amounts to the CMS table. (D001-00-010716)

Calculations - Modified the calculations of Worksheet E, Part A, Exhibit 4, to properly calculate the pre and post 10-1 factors for a greater than 12 month cost reporting period. (D001-00-010805)

Calculations - Modified the calculations for Worksheet E, Part A, Exhibit 5 to properly set the value of line 100 when the worksheet is first calculated after being imported from the ECR file. (D001-00-010815)

MAC Feature Update - Contact Customer Support for more information. (D001-00-010828)

Toolbar - Corrected the availability of toolbar items for the cost report systems. (D001-00-010201)

SNF, 2540-10, version 6.11.157.0

Auditor - Added an invalid line error message for Worksheet E, Part I, line 14.99 when attempting to adjust this line for cost reporting periods ending on or after 6-30-14. (D001-00-010567)

Calculations - Corrected the zeroing of data for shaded cells on Worksheet D, Part I. (D001-00-010827)

Toolbar - Corrected the availability of toolbar items for the cost report systems. (D001-00-010201)

ESRD, 265-11, version 3.16.157.0

ECR Export - Improved the file lock detection when exporting to the electronic cost report file to detect when an existing lock may be invalid due to a previous failed export. (D001-00-010686)

Toolbar - Corrected the availability of toolbar items for the cost report systems. (D001-00-010201)

RHC, 222-92, version 11.32.157.0

Edits - Introduced HFS level I edits to indicate to the provider when Worksheet B-1, Title V or XIX have been input without Worksheet B-1, Title XVIII. (D001-00-010712)

Edits - Suppressed edit 1021S for Low/No Utilization reports. (D001-00-010786)

Hospice, 1984-14, version 2.1.157.0

Worksheets - Set the focus cursor on the worksheet after the worksheet is opened so you can immediately start typing without first having to click on the worksheet using the mouse. (D001-00-010208)

MAC Feature Update - Contact Customer Support for more information. (D001-00-010798)

Toolbar - Corrected the availability of toolbar items for the cost report systems. (D001-00-010201)

OPO, 216-94, version 6.3.157.0

ECR Export - Improved the file lock detection when exporting to the electronic cost report file to detect when an existing lock may be invalid due to a previous failed export. (D001-00-010686)

Toolbar - Corrected the availability of toolbar items for the cost report systems. (D001-00-010201)

ESRD, 265-94, version 9.78.157.0

The system was updated to maintain compatibility with the Interface.

HHA, 1728-94, version 16.28.157.0

The system was updated to maintain compatibility with the Interface.

Hospice, 1984-99, version 9.58.157.0

The system was updated to maintain compatibility with the Interface.

CORF/CMHC, 2088-92, version 9.27.157.0

The system was updated to maintain compatibility with the Interface.
